## INDEPENDENT AUDITOR'S REPORT

To the Members of Career Launcher Education Infrastructure and Services Limited

Report on the Audit of the Ind AS Financial Statements

### Opinion

We have audited the accompanying Ind AS financial statements of Career Launcher Education Infrastructure and Services Limited ("the Company"), which comprise the Balance Sheet as at March 31, 2020, the Statement of Profit and Loss (including Other Comprehensive Income), the Statement of Changes in Equity and the Statement of Cash Flows for the year then ended, and notes to the Ind AS financial statements including a summary of significant accounting policies and other explanatory information (hereinafter referred to as "Ind AS financial statements").

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid Ind AS financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India including the Indian Accounting Standards ("Ind AS") prescribed under section 133 of the Act, of the state of affairs of the Company as at March 31, 2020, its loss (including other comprehensive income), changes in equity and its cash flows for the year ended on that date.

### Basis for Opinion

We conducted our audit in accordance with Standards on Auditing (SAs) specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Ind AS Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India ("ICAI") together with the ethical requirements that are relevant to our audit of the Ind AS financial statements under the provisions of the Act and Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on the Ind AS financial statements.

### Emphasis of Matter

We draw attention to the following matters in the notes to the Ind AS financial statements:

1. Note 5, 26 and 34 to the Ind AS financial statements, which describe that the Company during the financial year 2017-18, sold its school business vertical (K-12 Business) to B&S Services Private Limited ('B&S') for a total consideration of Rs. 4,650 Lakhs comprising of Rs. 600 Lakhs payable in cash and remaining Rs. 4,050 Lakhs by way of equity shares of B&S Services Private Limited. The Company presently holds 8817 equity shares, being 44.18% of total equity share capital of B&S. An amount of Rs. 400 Lakhs being part of original cash consideration is still due from B&S. The Company has initiated legal action against B&S before the Honorable Delhi High Court to recover the due amount and an arbitrator has been appointed. The Management of the Company, based on its assessment and legal advice, is confident of recovering the outstanding amount from B&S in full and hence no provision is made.

Further, based on the valuation done by an independent expert, the Company has impaired its investment in B&S by Rs. 4,150 Lakhs.

- Note 39 to the Ind AS financial statements, which explains the Management's evaluation of the financial impact on the Company due to lockdown and other restrictions imposed on account of COVID-19 pandemic situation. The assessment of the impact in the subsequent period is highly subjective and is dependent upon circumstances as they evolve.

## Other Information

The Company's Board of Directors is responsible for the other information. The other information comprises the information included in the board's report, but does not include the Ind AS financial statements and our auditor's report thereon.

Our opinion on the Ind AS financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the Ind AS financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the Ind AS financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated.

The Board's report is not made available to us as at the date of this auditor's report. We have nothing to report in this regard.

## Responsibilities of Management and Those Charged with Governance for the Ind AS Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these Ind AS financial statements that give a true and fair view of the financial position, financial performance (including other comprehensive income), changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India, including Ind AS prescribed under section 133 of the Act, read with the Companies (Indian Accounting Standards) Rules, 2015, as amended. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Ind AS financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the Ind AS financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those Board of Directors are also responsible for overseeing the Company's financial reporting process.

## Auditor's Responsibilities for the Audit of the Ind AS Financial Statements

Our objectives are to obtain reasonable assurance about whether the Ind AS financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of this Ind AS financial statements. As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the Ind AS financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls with reference to financial statements in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the Ind AS financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the Ind AS financial statements, including the disclosures, and whether the Ind AS financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

#### **Report on Other Legal and Regulatory Requirements**

- (1) As required by the Companies (Auditor's Report) Order, 2016 ("the Order") issued by the Central Government of India in terms of section 143(11) of the Act, we give in "Annexure 1", a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.
- (2) As required by section 143(3) of the Act, we report that:
  - a. We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit;
  - b. In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books;

- c. The Balance Sheet, the Statement of Profit and Loss (including Other Comprehensive Income), the Statement of Changes in Equity and the Statement of Cash Flows dealt with by this report are in agreement with the books of account;
- d. In our opinion, the aforesaid Ind AS financial statements comply with the Ind AS prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended;
- e. The matter described under Emphasis of Matter section above, in our opinion, may have an adverse effect on the functioning of the Company.
- f. On the basis of the written representations received from the directors as on March 31, 2020, and taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2020 from being appointed as a director in terms of section 164(2) of the Act;
- g. With respect to the adequacy of the internal financial controls with reference to financial statements of the Company and the operating effectiveness of such controls, refer to our separate report in "Annexure 2";
- h. With respect to the other matter to be included in the Auditor's Report in accordance with the requirements of section 197(16) of the Act:
- In our opinion and to the best of our information and according to the explanations given to us, the company has not paid any managerial remuneration during the year. Accordingly, section 197 of the Act is not applicable to the Company;
- i. With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
- (i) The Company does not have any pending litigations which would impact its financial position;
- (ii) The Company did not have any long-term contracts including derivative contracts. Hence, the question of any material foreseeable losses does not arise;
- (iii) There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company.

**ANNEXURE 1 TO THE INDEPENDENT AUDITOR'S REPORT**

[Referred to in paragraph 1 under 'Report on Other Legal and Regulatory Requirements' section in the Independent Auditor's Report of even date to the members of Career Launcher Education Infrastructure and Services Limited on the Ind AS financial statements for the year ended March 31, 2020]

Based on the audit procedures performed for the purpose of reporting a true and fair view on the Ind AS financial statements of the Company and taking into consideration the information and explanations given to us and the books of account and other records examined by us in the normal course of audit, we report that:

- (i)
- (a) The Company has maintained proper records showing full particulars, including quantitative details and situation of fixed assets.
- (b) During the year, the fixed assets of the Company have been physically verified by the management and no material discrepancies were noticed on such verification. In our opinion, the frequency of verification is reasonable having regard to the size of the Company and the nature of its assets.
- (c) The Company does not have any immovable property. Accordingly, paragraph 3(i)(c) of the order is not applicable to the Company.
- (ii) The Company is engaged in the service industry and does not hold any inventory. Accordingly, paragraph 3(ii) of the order is not applicable to the Company.
- (iii) The Company has granted loans, secured or unsecured, to a company and a other party covered in the register maintained under section 189 of the Act. The Company has not granted loans, secured or unsecured to any firms and limited liability partnership covered in the register maintained under section 189 of the Act.
- (a) The terms and conditions of loans granted by the Company to two parties covered in the register maintained under section 189 of the Act, (total loan amount granted Rs. 17.50 Lacs and balance outstanding as at balance sheet date Rs. 1,022.35 Lacs) are prejudicial to the Company's interest on account of the fact that the Company is not charging any interest on such loan.
- (b) The schedule of repayment of principal and payment of interest in respect of such loans has not been stipulated thus we are unable to comment whether the repayments or receipts are regular and report amounts overdue for more than ninety days, if any, as required under clause 3(iii)(b) of the Order.
- (c) In respect of the aforesaid loans, as the schedule of repayment of principal has not been stipulated, we are unable to comment whether there is any overdue amount of loan granted to companies and other parties listed in the register maintained under section 189 of the Act.
- (iv) The Company has complied with the provisions of sections 185 and 186 of the Act, except for the details given below:

Nature of non-compliance	Name of Company/party	Amount Involved	Balance as at March 31, 2020	Remarks
Loan given at rate of interest lower than prescribed (Section 186)	Career Launcher Infrastructure Private Limited	Nil	265.34 Lacs	Interest Free Loan

# HARIBHAKTI & CO. LLP

Chartered Accountants

Loan given at rate of interest lower than prescribed (Section 186)	Career Launcher Education Foundation	17.50 Lacs	757.01 Lacs	Interest Free Loan
--	--------------------------------------	------------	-------------	--------------------

- (v) In our opinion, the Company has not accepted any deposits from the public within the provisions of sections 73 to 76 of the Act and the rules framed there under. Accordingly, the provisions of clause 3(v) of the Order are not applicable.
- (vi) The Central Government has not prescribed the maintenance of cost records for any of the products of the Company under sub-section (1) of section 148 of the Act and the rules framed there under.
- (vii)
- (a) The Company is regular in depositing with appropriate authorities, undisputed statutory dues including provident fund, employees' state insurance, income tax, goods and services tax (GST), customs duty, cess and any other material statutory dues applicable to it, except that there have been slight delay in few cases. During the year 2017-18, sales tax, value added tax, service tax and duty of excise subsumed in GST and are accordingly reported under GST.
- No undisputed amounts payable in respect of provident fund, employees' state insurance, income tax, GST, customs duty, cess and any other material statutory dues applicable to it, were outstanding, at the year end, for a period of more than six months from the date they became payable.
- (b) There are no dues with respect to income tax, sales tax, service tax, value added tax, GST, customs duty, excise duty which have not been deposited on account of any dispute.
- (viii) During the year, the Company has not taken any loans or borrowings from any financial institution, bank or government nor has it issued any debentures. Accordingly, clause 3(viii) of the Order is not applicable to the Company.
- (ix) The Company has not raised any moneys by way of initial public offer, further public offer (including debt instruments) or term loans during the year. Accordingly, clause 3(ix) of the Order is not applicable to the Company.
- (x) During the course of our examination of the books and records of the Company, carried out in accordance with the generally accepted auditing practices in India, and according to the information and explanations given to us, we have neither come across any instance of fraud by the Company or any fraud on the Company by its officers or employees, noticed or reported during the year, nor have we been informed of any such instance by the management.
- (xi) As the Company has not paid any managerial remuneration during the year, the provisions of section 197 read with Schedule V to the Act are not applicable to the Company. Accordingly, clause 3(xi) of the Order is not applicable to the Company.
- (xii) In our opinion, the Company is not a Nidhi Company. Therefore, clause 3(xii) of the Order is not applicable to the Company.
- (xiii) All transactions entered into by the Company with the related parties are in compliance with sections 177 and 188 of Act, where applicable, and the details have been disclosed in the Ind AS financial statements as required by the applicable accounting standards.
- (xiv) The Company has not made any preferential allotment or private placement of shares or fully or partly convertible debentures during the year. Therefore, clause 3(xiv) of the Order is not applicable to the Company.

# HARIBHAKTI & CO. LLP

Chartered Accountants

- (xv) The Company has not entered into any non-cash transactions with directors or persons connected with them during the year and hence provisions of section 192 of the Act are not applicable.
- (xvi) The Company is not required to be registered under section 45-IA of the Reserve Bank of India Act, 1934.

## ANNEXURE 2 TO THE INDEPENDENT AUDITOR'S REPORT

[Referred to in paragraph 2(g) under 'Report on Other Legal and Regulatory Requirements' section in our Independent Auditor's Report of even date to the members of Career Launcher Education Infrastructure and Services Limited on the Ind AS financial statements for the year ended March 31, 2020]

### Report on the Internal Financial Controls with reference to Financial Statements under clause (i) of sub-section 3 of section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls with reference to financial statements of Career Launcher Education Infrastructure and Services Limited ("the Company") as of March 31, 2020 in conjunction with our audit of the Ind AS financial statements of the Company for the year ended on that date.

#### Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control with reference to financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") issued by the Institute of Chartered Accountants of India ("ICAI"). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

#### Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls with reference to financial statements based on our audit. We conducted our audit in accordance with the Guidance Note and the Standards on Auditing specified under section 143(10) of the Act to the extent applicable to an audit of internal financial controls, both issued by the ICAI. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to financial statements was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls with reference to financial statements and their operating effectiveness.

Our audit of internal financial controls with reference to financial statements included obtaining an understanding of internal financial controls with reference to financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal controls based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls with reference to financial statements.

#### Meaning of Internal Financial Controls with reference to Financial Statements

A company's internal financial control with reference to financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of

financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control with reference to financial statements includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company;(2)provide reasonable assurance that transactions are recorded as necessary to permit preparationoffinancial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on thefinancial statements.

## Inherent Limitations of Internal Financial Controls with reference to Financial Statements

Because of the inherent limitations of internal financial controls with reference to financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to financial statements to future periods are subject to the risk that the internal financial controlswith reference to financial statementsmay become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

## Opinion

In our opinion, the Company has, in all material respects, adequate internal financialcontrols with reference to financial statementsand such internal financial controls with reference to financial statementswere operating effectively as at March 31, 2020, based on the internal control with reference to financial statements criteria established by the Company considering the essential components of internal controls stated in the Guidance Note issued by the ICAI.

## Reporting Entity

Career Launcher Education Infrastructure and Services Limited ('the Company') was incorporated in India on June 16, 2005, to provide various infrastructure facilities, soft skills, educational and consulting programs. The Company is having its registered office at Mathura Road, Faridabad, Haryana and its corporate office at Mohan Cooperative Industrial Estate, New Delhi. The Company is a subsidiary of CL Educate Limited that holds 99.99% of its share capital.

The accompanying financial statements reflect the results of the activities undertaken by the Company during the year April 01, 2019 to March 31, 2020.

### 1. Basis of preparation.

#### (i) Statement of compliance:

These financial statements have been prepared in accordance with Indian Accounting Standards (Ind AS) as per the Companies (Indian Accounting Standards) Rules, 2015 notified under Section 133 of Companies Act, 2013, (the 'Act') and other relevant provisions of the Act.

The financial statement provides comparative information in respect of previous year.

These IND AS financial statements were authorised for issue by the Company's Board of Directors on June 29, 2020.

The significant accounting policies adopted in the preparation of these financial statements are included in note 2. These policies have been consistently applied to all the years presented, unless otherwise stated.

#### (ii) Current and non-current classification

All assets and liabilities have been classified as current or non-current as per the Company's normal operating cycle and other criteria set out in the Schedule III to the Act. Based on the above criteria, the Company has ascertained its accounting cycle as twelve months for the purpose of current/non-current classification of assets and liabilities.

#### (iii) Functional and presentation currency

These financial statements are presented in Indian Rupees (₹), which is also the Company's functional currency. All amounts have been rounded-off to nearest lacs, unless otherwise stated. The sign '0.00' in these financial statements indicates that the amounts involved are below INR one thousand and the sign '-' indicates that amounts are nil.

#### (iv) Basis of measurement

The financial statements have been prepared on the historical cost basis except for the following items:

Items	Measurement basis
Certain financial assets and liabilities	Fair value
Net defined benefit (asset)/ liability	Fair value of plan assets less present value of defined benefit obligations

#### (v) Use of estimates and judgements

In preparing these financial statements, management has made judgements, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities, income and expenses. Actual results may differ from these estimates.

Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognized prospectively.

#### Judgements

Information about judgements made in applying accounting policies that have the most significant effects on the amounts recognized in the financial statements is included in the following note:

- Note no 38: classification of financial assets: assessment of business model within which the assets are held and assessment of whether the contractual terms of the financial asset are solely payments of principal and interest on the principal amount outstanding;

#### Assumptions and estimation uncertainties

Information about assumptions and estimation uncertainties that have a significant risk of resulting in a material adjustment in the year ending March 31, 2020 are included in the following notes:

- Note no 29: measurement of defined benefit obligations and plan assets: key actuarial assumptions;
- Note no 2(iii) and 3: measurement of useful lives and residual values to property, plant and equipment;
- Note no 2(iv) and 4: measurement of useful lives of intangible assets;
- Note no 36: fair value measurement of financial instruments;
- Note no 35: recognition of deferred tax assets: availability of future taxable profit against which tax losses carried forward can be used; and
- Note no 36: impairment of financial assets.

#### (vi) Measurement of fair value

A number of accounting policy and disclosures require measurement of fair value for both financial and non-financial assets and liabilities.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an ordinary transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- In the principal market for the asset or liability, or
- In the absence of a principal market, in the most advantageous market for the asset or liability

The principal or the most advantageous market must be accessible to/ by the Company.

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorized within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

Level 1 – Quoted (unadjusted) prices in active markets for identical assets or liabilities

Level 2 – Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable

Level 3 – Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable

For the purpose of fair value disclosures, the Company has determined classes of assets and liabilities on the basis of the nature, characteristics and risks of the asset or liability and the level of the fair value hierarchy as explained above.

## 2. Significant accounting policies

### (i) Revenue

Revenue is recognised upon transfer of control of promised goods or services to customers in an amount that reflects the consideration the company expects to receive in exchange for those goods or services.

### (ii) Recognition of interest income

Interest income on time deposits is recognised using the effective interest method and interest income on loans and advances are recognised as per the agreements.

The 'effective interest rate' is the rate that exactly discounts estimated future cash payments or receipts through the expected life of the financial instrument to the gross carrying amount of the financial asset.

### (iii) Property, plant and equipment

#### Recognition and measurement

Items of property, plant and equipment are measured at cost net of recoverable taxes (wherever applicable), which includes capitalised borrowing costs less accumulated depreciation and accumulated impairment losses, if any.

Cost of an item of property, plant and equipment comprises its purchase price, including import duties and non-refundable purchase taxes, if any, after deducting trade discounts and rebates, any directly attributable cost of bringing the item to its working condition for its intended use and estimated costs of dismantling and removing the item and restoring the site on which it is located.

If significant parts of an item of property, plant and equipment have different useful lives, then they are accounted for as separate items (major components) of property, plant and equipment.

Any gain or loss on disposal of an item of property, plant and equipment is recognised in the statement of profit and loss.

#### Subsequent expenditure

Subsequent expenditure are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only if it is probable that future economic benefits associated with the item will flow to the Company and the cost of the expenditure can be measured reliably. The carrying amount of any component accounted for as a separate asset is derecognised when replaced.

All other repairs and maintenance are charged to the statement of profit and loss during the reporting year in which they are incurred.

#### Depreciation methods, estimated useful lives and residual values

Depreciation is calculated on cost of items of property, plant and equipment less their estimated residual value over their estimated useful lives using the straight line method, and is recognised in the statement of profit and loss.

**Career Launcher Education Infrastructure and Services Limited**  
**Notes to the Financial Statements for the year ended March 31, 2020**

The estimated useful lives of items of property, plant and equipment for the current and comparative periods are as under and the same are equal to lives specified as per schedule II of the Act.

The useful lives of the assets are as under:

<b>Tangible assets:</b>	<b>Useful life (in years)</b>
Vehicle	8

Based on technical evaluation and consequent advice, the management believes that its estimates of useful lives as given above best represent the period over which management expects to use these assets. Depreciation on addition to property, plant and equipment is provided on pro-rata basis from the date the assets are ready for intended use. Depreciation on sale/discard from property, plant and equipment is provided for up to the date of sale, deduction or discard of property, plant and equipment as the case may be.

Depreciation method, useful lives and residual values are reviewed at each financial year-end, and changes, if any, are accounted for prospectively.

**(iv) Intangible assets**

An intangible asset is recognised when it is probable that future economic benefit attributable to the assets will flow to the company and where its cost can be reliably measured.

Intangible assets are initially measured at cost. Such intangible assets are subsequently measured at cost less accumulated amortisation and any accumulated impairment losses. Cost comprises the purchase price and any cost attributable to bringing the assets to its working condition for its intended use.

Subsequent expenditure is capitalised only when it increases the future economic benefits embodied in the specific asset to which it relates. All other expenditure is recognised in the statement of profit and loss as incurred.

**Amortisation**

Amortisation is calculated to write off the cost of intangible assets over their estimated useful lives using the straight-line method and is included in depreciation and amortisation in the statement of profit and loss.

The useful lives of intangible assets are as follows:

<b>Intangible assets:</b>	<b>Useful lives (in years)</b>
License fee	5
Website	5

Amortisation method, useful lives and residual values are reviewed at each financial year-end, and changes, if any, are accounted for prospectively.

Losses arising from the retirement of, and gain or losses arising from disposal of an intangible asset are determined as the difference between the net disposal proceeds and the carrying amount of asset and recognised as income or expense in the statement of profit and loss.

**(v) Business combinations**

**Career Launcher Education Infrastructure and Services Limited**  
**Notes to the Financial Statements for the year ended March 31, 2020**

As part of its transition to Ind AS, the Company has elected to apply the relevant Ind AS, viz. Ind AS 103, Business Combinations, to only those business combinations that occurred on or after the transition date.

In accordance with Ind AS 103, the Company accounts for these business combinations using the acquisition method when control is transferred to the Company. The consideration transferred for the business combination is generally measured at fair value as at the date the control is acquired (acquisition date), as are the net identifiable assets acquired. Any goodwill that arises is tested annually for impairment. Any gain on a bargain purchase is recognised in other comprehensive income ("OCI") and accumulated in equity as capital reserve if there exists clear evidence of the underlying reasons for classifying the business combination as resulting in a bargain purchase; otherwise the gain is recognised directly in equity as capital reserve. Transaction costs are expensed as incurred except to the extent of issue of debt or equity securities.

Any contingent consideration is measured at fair value at the date of acquisition. If an obligation to pay contingent consideration that meets the definition of a financial instrument is classified as equity, then it is not remeasured subsequently, and settlement is accounted for within equity. Other contingent consideration is remeasured at fair value at each reporting date and changes in the fair value of the contingent consideration are recognised in profit or loss.

In respect of the business combinations affected prior to the transition date, goodwill represents the amount recognised under the Company's previous accounting framework under Indian GAAP adjusted for the reclassification of certain intangibles.

**(vi) Impairment of non-financial assets**

The Company's non-financial assets, other than inventories and deferred tax assets, are reviewed at each reporting date to determine whether there is any indication of impairment. If any such indication exists, then the asset's or CGU's recoverable amount is estimated. Goodwill is tested annually for impairment.

For impairment testing, assets that do not generate independent cash inflows are grouped together into cash-generating units (CGUs). Each CGU represents the smallest group of assets that generates cash inflows that are largely independent of the cash inflows of other assets or CGUs.

Goodwill arising from a business combination is allocated to CGUs or groups of CGUs that are expected to benefit from the synergies of the combination.

The recoverable amount of a CGU (or an individual asset) is the higher of its value in use and its fair value less costs to sell. Value in use is based on the estimated future cash flows, discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the CGU (or the asset).

An impairment loss is recognised if the carrying amount of an asset or CGU exceeds its estimated recoverable amount. Impairment losses are recognised in the statement of profit and loss. Impairment loss recognised in respect of a CGU is allocated first to reduce the carrying amount of any goodwill allocated to the CGU, and then to reduce the carrying amounts of the other assets of the CGU (or group of CGUs) on a pro rata basis.

After impairment, depreciation/amortisation is provided on the revised carrying amount of the asset over its remaining useful life.

**(vii) Borrowing costs**

Borrowing costs are interest and other costs incurred in connection with the borrowing of funds. Borrowing costs directly attributable to acquisition or construction of an asset which necessarily take a

substantial period of time to get ready for their intended use are capitalised as part of the cost of that asset. Other borrowing costs are recognised as an expense in the period in which they are incurred.

(viii) **Investment in subsidiaries and associates**

Investment in subsidiaries and associates is carried at cost, less any impairment in the value of investment, in these financial statements.

(ix) **Financial instruments**

**i. Recognition and initial measurement**

Trade receivables and debt securities issued are initially recognised when they are originated. All other financial assets and financial liabilities are initially recognised when the Company becomes a party to the contractual provisions of the instrument.

A financial asset or financial liability is initially measured at fair value plus, transaction costs that are directly attributable to its acquisition or issue, except for an item recognised at fair value through profit and loss. Transaction costs of financial assets carried at fair value through profit and loss are expense in the statement of profit and loss.

**ii. Classification and subsequent measurement**

**Financial assets**

On initial recognition, a financial asset is classified as measured at

- amortised cost;
- Fair value through other comprehensive income (OCI), or
- Fair value through profit and loss (FVTPL)

The classification depends on entity's business model for managing financial assets & the contractual terms of the cash flows.

Financial assets are not reclassified subsequent to their initial recognition, except if and in the period the Company changes its business model for managing financial assets.

A financial asset is measured at amortised cost if it meets both of the following conditions and is not designated as at FVTPL:

- the asset is held within a business model whose objective is to hold assets to collect contractual cash flows; and
- the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

A debt investment is measured at FVTOCI if it meets both of the following conditions and is not designated as at FVTPL:

- the asset is held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets; and
- the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

On initial recognition of an equity investment that is not held for trading, the Company may irrevocably elect to present subsequent changes in the investment's fair value in OCI (designated as FVTOCI - equity investment). This election is made on an investment by investment basis.

All financial assets not classified to be measured at amortised cost or FVTOCI as described above are measured at FVTPL. This includes all derivative financial assets. On initial recognition, the Company may irrevocably designate a financial asset that otherwise meets the requirements to be measured at amortised cost or at FVTOCI or at FVTPL if doing so eliminates or significantly reduces an accounting mismatch that would otherwise arise.

**Financial assets: Subsequent measurement and gains and losses**

**Financial assets at amortised cost:** These assets are subsequently measured at amortised cost using the effective interest method. The amortised cost is reduced by impairment losses, if any. Interest income and impairment are recognised in the statement of profit and loss. Any gain or loss derecognition is recognised in statement of profit and loss.

**Financial assets at FVTPL:** These assets are subsequently measured at fair value. Net gains and losses, including any interest income, are recognised in the statement of profit and loss.

**Debts investments at FVTOCI:** These assets are subsequently measured at fair value. Interest income under the effective interest method, foreign exchange gains and losses and impairment are recognised in profit or loss. Other net gains and losses are recognised in OCI. On Derecognition, gains and losses accumulated in OCI are reclassified to profit or loss.

**Equity investments at FVTOCI:** These assets are subsequently measured at fair value. Dividends are recognised as income in profit or loss unless the dividend clearly represents a recovery of part of the cost of the investment. Other net gains and losses are recognised in OCI and are not reclassified to profit or loss.

**Financial liabilities: Classification, subsequent measurement and gain and losses**

Financial liabilities are classified as measured at amortised cost or FVTPL. A financial liability is classified as at FVTPL if it is classified as held for trading, or it is a derivative or it is designated as such on initial recognition. Financial liabilities at FVTPL are measured at fair value and net gains and losses, including any interest expense, are recognised in the statement of profit and loss. Other financial liabilities are subsequently measured at amortised cost using the effective interest method. Interest expense and foreign exchange gains and losses are recognised in the statement of profit and loss. Any gain or loss on derecognition is also recognised in the statement of profit and loss.

**iii. Offsetting**

Financial assets and monetary liabilities are offset and the net amount presented in the balance sheet when, and only when, the Company currently has a legally enforceable right to set off the amounts and it intends either to settle them on a net basis or to realise the assets and settle the liabilities simultaneously.

**iv. Derecognition**

**Financial assets**

The Company derecognises a financial asset when the contractual rights to the cash flows from the financial asset expire, or it transfers the rights to receive the contractual cash flows in a transaction in which substantially all of the risks and rewards of ownership of the financial asset are transferred or in which the Company neither transfers nor retains substantially all of the risks and rewards of ownership and does not retain control of the financial asset.

If the Company enters into transactions whereby it transfers assets recognised on its balance sheet, but retains either all or substantially all of the risks and rewards of the transferred assets, the transferred assets are not derecognised.

**Financial liabilities**

The Company derecognises a financial liability when its contractual obligations are discharged or cancelled, or expire.

The Company also derecognises a financial liability when its terms are modified and the cash flows under the modified terms are substantially different. In this case, a new financial liability based on the modified terms is recognised at fair value. The difference between the carrying amount of the financial liability extinguished and the new financial liability with modified terms is recognised in the statement of profit and loss.

**v. Impairment of financial instruments:**

The company recognises loss allowances for expected credit losses on;

- Financial assets measured at amortised cost and;
- Financial assets measured at FVTOCI- debt instruments

At each reporting date, the Company assesses whether financial assets carried at amortised cost and debt securities at FVTOCI are credit impaired. A financial asset is 'credit-impaired' when one or more events that have a detrimental impact on the estimated future cash flows of the financial asset have occurred. Evidence that a financial asset is credit-impaired includes the following observable data:

- significant financial difficulty of the borrower or issuer;
- a breach of contract such as a default or being past due for agreed credit period ;
- the restructuring of a loan or advance by the Company on terms that the Company would not consider otherwise;
- it is probable that the borrower will enter bankruptcy or other financial reorganisation; or
- the disappearance of an active market for a security because of financial difficulties.

**Expected credit loss:**

Loss allowances for trade receivables are always measured at an amount equal to lifetime expected credit losses.

Lifetime expected credit losses are the expected credit losses that result from all possible default events over the expected life of a financial instrument.

12-month expected credit losses are the portion of expected credit losses that result from default events that are possible within 12 months after the reporting date (or a shorter period if the expected life of the instrument is less than 12 months).

In all cases, the maximum period considered when estimating expected credit losses is the maximum contractual period over which the Company is exposed to credit risk.

When determining whether the credit risk of a financial asset has increased significantly since initial recognition and when estimating expected credit losses, the Company considers reasonable and supportable information that is relevant and available without undue cost or effort. This includes both quantitative and qualitative information and analysis, based on the Company's historical experience and informed credit assessment and including forward looking information.

**Career Launcher Education Infrastructure and Services Limited**  
**Notes to the Financial Statements for the year ended March 31, 2020**

The Company assumes that the credit risk on a financial asset has increased significantly if it is more than agreed credit period

The Company considers a financial asset to be in default when:

- the borrower is unlikely to pay its credit obligations to the Company in full, without recourse by the Company to actions such as realising security (if any is held); or
- the financial asset is past due and is not recovered within agreed credit period.

Measurement of expected credit losses

Expected credit losses are a probability-weighted estimate of credit losses. Credit losses are measured as the present value of all cash shortfalls (i.e. the difference between the cash flows due to the Company in accordance with the contract and the cash flows that the Company expects to receive). Loss allowances for financial assets measured at amortised cost are deducted from the gross carrying amount of the assets disclosed in the Balance Sheet.

Write-off

The gross carrying amount of a financial asset is written off (either partially or in full) to the extent that there is no realistic prospect of recovery. This is generally the case when the Company determines that the debtor does not have assets or sources of income that could generate sufficient cash flows to repay the amounts subject to the write-off. However, financial assets that are written off could still be subject to enforcement activities in order to comply with the Company's procedures for recovery of amounts due.

(x) **Leases:**

The Company has adopted the new accounting standard Ind AS 116 "Leases" w.e.f April 1, 2019 as per Companies (Indian Accounting Standards) amendment Rules, 2019, notified by MCA on March 30, 2019. Ind AS 116 is a single lessee accounting model and sets out the principles for the recognition, measurement, presentation and disclosure of leases for both lessees and lessors. On application of Ind AS 116, the nature of expenses has changed from lease rent in previous periods to depreciation cost for the right-of-use assets (ROU), and finance cost for interest accrued on lease liability.

A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period in exchange for consideration.

Where the Company is lessee

At the commencement date of the lease the Company recognizes a lease liability measured at the present value of the lease payments that are not paid at that date. The lease payments included in the measurement of the lease liability consist of the payments for the right of use the underlying assets during the lease term that are not paid at the commencement date of the lease.

The payments included in the measurement of the lease liability include fixed payments less any lease incentives receivable variable lease payments that depend on an index or a rate, initially measured using the index or rate as at the commencement date, residual value guarantees, exercise price of a purchase option where the Company is reasonably certain to exercise that option and payments of penalties for terminating the lease, if the lease term reflects the lessee exercising an option to terminate the lease.

The lease payments are discounted using the interest rate implicit in the lease, if that rate is readily determined, if that rate is not readily determined, the lease payments are discounted using the incremental borrowing rate.

The Company recognizes a right-of-use asset from a lease contract at the commencement date of the lease, which is the date that the underlying asset is made available for use.

The cost of the right-of-use assets comprises the amount of the initial measurement of the lease liability, any initial direct costs incurred and any lease payments made at or before the commencement date of the lease less any lease incentives received. Subsequently, the right of- use assets is measured at cost less any accumulated depreciation and accumulated impairment losses, if any and adjusted for any re measurement of the lease liability.

The right-of-use assets is depreciated using the straight-line method from the commencement date over the shorter of lease term or useful life of right-of-use asset.

It also considers possible asset retirement obligations in the cost of the right-of-use asset. Right-of-use assets are subject to impairment testing in future periods.

On the date of transition, the Management of the Company evaluated all its lease arrangements. As all the lease arrangements of the Company are for a period of less than 12 months, the same are determined to be short term leases. Accordingly, the requirements of 'IndAS116: Leases' do not apply to the Company.

(xi) **Employee Benefits**

**Short term employee benefits:**

Short term employee benefit obligation is measured on an undiscounted basis and is expenses off as the related services are provided. Benefits such as salaries, wages, and bonus etc are recognised in the statement of profit and loss in the year in which the employee renders the related service. The liabilities are presented as current employee benefit obligation in the Balance Sheet.

**Long term employee benefits**

***Defined contribution plan: Provident fund***

All employees of the Company are entitled to receive benefits under the Provident Fund, which is a defined contribution plan. Both the employee and the employer make monthly contributions to the plan at a predetermined rate as per the provisions of The Employees Provident Fund and Miscellaneous Provisions Act, 1952. These contributions are made to the fund administered and managed by the Government of India. The Company has no further obligations under the plan beyond its monthly contributions. Obligation for contribution to defined contribution plan are recognised as an employee benefit expenses in statement of profit and loss in the period during which the related services are rendered by the employees.

***Defined Benefit Plan: Gratuity***

A defined benefit plan is a post-employment benefit plan other than a defined contribution plan.

The Company provides for retirement benefits in the form of Gratuity, which provides for lump sum payments to vested employees on retirement, death while in service or on termination of employment in an amount equivalent to 15 days basic salary for each completed year of service. Vesting occurs upon completion of five years of service. Benefits payable to eligible employees of the company with respect to gratuity is accounted for on the basis of an actuarial valuation as at the balance sheet date.

The present value of such obligation is determined by the projected unit credit method and adjusted for past service cost and fair value of plan assets as at the balance sheet date through which the obligations are to be settled. The resultant actuarial gain or loss on change in present value of the defined benefit obligation or change in return of the plan assets is recognised as an income or expense

in the other comprehensive income. The Company's obligation in respect of defined benefit plans is calculated by estimating the amount of future benefit that employees have earned in the current and prior periods, discounting that amount and deducting the fair value of any plan assets.

The Company determines the net interest expense (income) on the net defined benefit liability (asset) for the period by applying the discount rate used to measure the defined benefit obligation at the beginning of the annual period to the then-net defined benefit liability (asset), taking into account any changes in the net defined benefit liability (asset) during the period as a result of contributions and benefit payments. Net interest expense and other expenses related to defined benefit plans are recognised in the statement of profit and loss.

When the benefits of a plan are changed or when a plan is curtailed, the resulting change in benefit that relates to past service ('past service cost' or 'past service gain') or the gain or loss on curtailment is recognised immediately in the statement of profit and loss. The Company recognises gains and losses on the settlement of a defined benefit plan when the settlement occurs.

The Plan assets of the Company are managed by Life Insurance Corporation of India through a trust managed by the Company in terms of an insurance policy taken on fund obligations with respect to its gratuity plan.

**Other long-term benefits: Compensated absences**

Benefits under the Company's compensated absences scheme constitute other employee benefits. The liability in respect of compensated absences is provided on the basis of an actuarial valuation using the Projected Unit Credit Method done by an independent actuary as at the balance sheet date. Actuarial gain and losses are recognised immediately in the statement of profit and loss.

(xii) **Income tax**

Income tax comprises current and deferred tax. It is recognised in the statement of profit and loss except to the extent that it relates to a business combination or to an item recognised directly in equity or in other comprehensive income.

Current tax

Current tax comprises the expected tax payable or receivable on the taxable income or loss for the year and any adjustment to the tax payable or receivable in respect of previous years. The amount of current tax reflects the best estimate of the tax amount expected to be paid or received after considering the uncertainty, if any, related to income taxes. It is measured using tax rates (and tax laws) enacted or substantively enacted by the reporting date.

Current tax assets and current tax liabilities are offset only if there is a legally enforceable right to set off the recognised amounts, and it is intended to realise the asset and settle the liability on a net basis or simultaneously.

Deferred tax

Deferred tax is recognised in respect of temporary differences between the carrying amounts of assets and liabilities for financial reporting purposes and the corresponding amounts used for taxation purposes. Deferred tax is also recognised in respect of carried forward tax losses and tax credits. Deferred tax is not recognised for:

- temporary differences arising on the initial recognition of assets or liabilities in a transaction that is not a business combination and that affects neither accounting nor taxable profit or loss at the time of the transaction;
- taxable temporary differences arising on the initial recognition of goodwill.

Deferred tax assets are recognised to the extent that it is probable that future taxable profits will be available against which they can be used. The existence of unused tax losses is strong evidence that future taxable profit may not be available. Therefore, in case of a history of recent losses, the

**Career Launcher Education Infrastructure and Services Limited**  
**Notes to the Financial Statements for the year ended March 31, 2020**

Company recognises a deferred tax asset only to the extent that it has sufficient taxable temporary differences or there is convincing other evidence that sufficient taxable profit will be available against which such deferred tax asset can be realised. Deferred tax assets - unrecognised or recognised, are reviewed at each reporting date and are recognised/ reduced to the extent that it is probable/ no longer probable respectively that the related tax benefit will be realised.

Deferred tax is measured at the tax rates that are expected to apply to the period when the asset is realized or the liability is settled, based on the laws that have been enacted or substantively enacted by the reporting date.

The measurement of deferred tax reflects the tax consequences that would follow from the manner in which the Company expects, at the reporting date, to recover or settle the carrying amount of its assets and liabilities.

Deferred tax assets and liabilities are offset if there is a legally enforceable right to offset current tax liabilities and assets, and they relate to income taxes levied by the same tax authority on the same taxable entity, or on different tax entities, but they intend to settle current tax liabilities and assets on a net basis or their tax assets and liabilities will be real.

Minimum alternate tax

Minimum Alternative Tax ('MAT') credit entitlement under the provisions of the Income-tax Act, 1961 is recognised as a deferred tax asset when it is probable that future economic benefit associated with it in the form of adjustment of future income tax liability, will flow to the Company and the asset can be measured reliably. MAT credit entitlement is set off to the extent allowed in the year in which the Company becomes liable to pay income taxes at the enacted tax rates. MAT credit entitlement is reviewed at each reporting date and is recognised to the extent that is probable that future taxable profits will be available against which they can be used. Significant management judgement is required to determine the probability of recognition of MAT credit entitlement.

(xiii) **Contingent Liability, Contingent Asset and Provisions**

Contingent liability

Contingent liabilities are possible obligations that arise from past events and whose existence will only be confirmed by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company. Where it is not probable that an outflow of economic benefits will be required, or the amount cannot be estimated reliably, the obligation is disclosed as a contingent liability, unless the probability of outflow of economic benefits is remote.

Contingent assets

Contingent assets are possible assets that arises from past events and whose existence will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company.

Provisions

The Company creates a provision when there is present obligation as a result of a past event that probably requires an outflow of resources and a reliable estimate can be made of the amount of obligation.

If the effect of the time value of money is material, provisions are determined by discounting the expected future cash flows (representing the best estimate of the expenditure required to settle the present obligation at the balance sheet date) at a pre-tax rate that reflects current market assessments of the time value of money and the risks specific to the liability. The unwinding of the discount is recognized as finance cost.

**Career Launcher Education Infrastructure and Services Limited**  
**Notes to the Financial Statements for the year ended March 31, 2020**

**(xiv) Cash and cash equivalents**

Cash and cash equivalents includes cash on hand, other short-term, highly liquid investments with original maturities of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value.

**(xv) Earnings per share**

Basic earnings per share are calculated by dividing the net profit or loss for the year attributable to equity shareholders by the weighted average number of equity shares outstanding during the year. The weighted average numbers of equity shares outstanding during the period are adjusted for events such as bonus issue, share split or consolidation of shares.

For calculating diluted earnings per share, the net profit or loss for the year attributable to equity shareholders and the weighted average number of shares outstanding during the period are adjusted for the effects of all dilutive potential equity shares. The dilutive potential equity shares are deemed converted into equity shares as at the beginning of the period, unless they have been issued at a later date.

**(xvi) Segment reporting**

Operating segments are reported in a manner consistent with the internal reporting provided to the chief operating decision maker.

In accordance with Ind AS 108 - Operating Segments, the operating segments used to present segment information are identified on the basis of internal reports used by the Company's Management to allocate resources to the segments and assess their performance.

Segment Earnings before interest, tax and depreciation ('EBITDA') is used to measure performance as management believes that such information is the most relevant in evaluating the results of certain segments relative to other entities that operate within these industries. Inter-segment pricing is determined on an arm's length basis.

The operating segments have been identified on the basis of the nature of products/services. The Company deals in one business namely "infrastructure facilities, soft skills, educational and consulting program".

The Board of Director(s) are collectively the Company's 'Chief Operating Decision Maker' or 'CODM' within the meaning of Ind AS 108. Refer Note 30 for segment information.

Note:

i. At the year end, the Company has performed impairment testing of its investment in B&S Strategy Services Private Limited (B&S). This evaluation involves usage of assumptions and significant judgments based on valuation methodologies. The Company's investment in B&S, as at March 31, 2020 was fair valued at Rs. 595 Lacs as against the carrying value of Rs. 4745 Lacs. Accordingly, an impairment loss of Rs. 4150 Lacs has been recognised during the year. This will be evaluated by the Management on an ongoing basis for any further changes. (Also Refer Note 34 in respect of details regards B&S and Note 5 for Investment)

27 Disclosure as per Ind AS 33 on 'Earnings per Share'

	Year ended March 31, 2020	Year ended March 31, 2019
Basic and diluted earnings/(loss) per share	(53.15)	(1.00)
Total basic & diluted earnings/(loss) per share attributable to the equity holders of the company	(53.15)	(1.00)
Nominal value per share (in Rs.)	10.00	10.00
Profit attributable to equity shareholders		
Net Loss attributable to equity shareholders (a)	(5,021.41)	(94.37)
	(5,021.41)	(94.37)
Weighted average number of shares	No of shares	No of shares
Weighted average number of equity shares for the year (b)	9,447,606	9,447,606
	9,447,606	9,447,606

At present, the Company does not have any dilutive potential equity shares.

28 Contingent liabilities, contingent assets and commitments

A. Commitments:

(i) There are no capital and other material commitments as at March 31, 2020 and March 31, 2019.

B. Contingent liabilities:

(i) There are no contingent liabilities as at March 31, 2020 and March 31, 2019.

29 Employee benefits

The Company contributes to the following post-employment defined benefit plans in India.

(i) Defined contribution plans:

The Company makes contributions, determined as a specified percentage of employee salaries, in respect of qualifying employees towards provident fund and EDLI, which are defined contribution plans. The Company has no obligations other than to make the specified contributions. The contributions are charged to the statement of profit and loss as they accrue.

	Year ended March 31, 2020	Year ended March 31, 2019
Contribution to provident fund	0.26	0.26

(ii) Defined benefit plan:

Gratuity

The Company operates a post-employment defined benefit plan for Gratuity. This plan entitles an employee to receive half month's salary for each year of completed service at the time of retirement/exit. The Company contributes to a trust set up by the Company which further contributes to a policy taken from the Life Insurance Corporation of India.

The present value of obligation is determined based on actuarial valuation using the Projected Unit Credit Method, which recognize each period of service as giving rise to additional employee benefit entitlement and measures each unit separately to build up the final obligation.

The most recent actuarial valuation of plan assets and the present value of the defined benefit obligation for gratuity were carried out as at March 31, 2020. The present value of the defined benefit obligations and the related current service cost and past service cost, were measured using the Projected Unit Credit Method.

----- This space has been intentionally left blank-----

A. The following table set out the status of the defined benefit obligation

	As at March 31, 2020	As at March 31, 2019
Net defined benefit liability (Assets)/liability for gratuity	(1.49)	(1.31)
Total employee benefit (Assets)/liabilities	(1.49)	(1.31)
Non-current	(1.49)	(1.31)
Current	-	-

B. Reconciliation of the net defined benefit liability - Gratuity:

The following table shows a reconciliation from the opening balances to the closing balances for net defined benefit (asset) liability and its components:

	As at March 31, 2020			As at March 31, 2019		
	Defined benefit obligation	Fair value of plan assets	Net defined benefit (asset)/ liability	Defined benefit obligation	Fair value of plan assets	Net defined benefit (asset)/ liability
Balance at the beginning of the year	0.20	1.51	(1.31)	0.10	1.40	(1.29)
Included in profit or loss						
Current service cost	0.12	-	0.12	0.08	-	0.08
Interest cost (Income)	0.02	0.10	(0.08)	0.01	0.11	(0.11)
	0.14	0.10	0.04	0.09	0.11	(0.02)
Included in OCI						
Remeasurement loss (gain)						
- Actuarial loss (gain) arising from:						
- financial assumptions	0.08	-	0.08	0.01	-	0.01
- demographic assumptions	0.00	-	0.00	0.01	-	0.01
- experience adjustment	(0.29)	-	(0.29)	(0.01)	-	(0.01)
	(0.21)	-	(0.21)	0.01	-	0.01
Other						
Contributions paid by the employer	-	-	-	-	-	-
Benefits paid	-	-	-	-	-	-
Acquisition adjustment Out	-	-	-	-	-	-
Balance at the end of the year	0.13	1.61	(1.49)	0.20	1.51	(1.31)

C. Expenses Recognised in the statement of profit and loss for the year

	Year ended March 31, 2020	Year ended March 31, 2019
Current service cost	0.12	0.08
Interest cost	(0.10)	(0.10)
	0.02	(0.02)

D. Plan assets

Plan assets comprises of the following:

	As at March 31, 2020	As at March 31, 2019
Funds Managed by Insurer	1.61	1.50

On an annual basis, an asset-liability matching study is done by the Company whereby the Company contributes the net increase in the actuarial liability to the plan manager in order to manage the liability risk.

E. Actuarial assumptions

a. Economic assumptions

The principal assumptions are the discount rate and salary growth rate. The discount rate is based upon the market yields available on government bonds at the accounting date with a term that matches that of liabilities. Salary increase rate takes into account of inflation, seniority, promotion and other relevant factors on long term basis. Valuation assumptions are as follows which have been selected by the company.

	As at March 31, 2020	As at March 31, 2019
Discount rate	6.76%	7.66%
Expected rate of future salary increase	8.00%	8.00%

The discount rate has been assumed at 6.76% (March 31, 2019: 7.66%) which is determined by reference to market yield at the balance sheet date on government securities. The estimates of future salary increases, considered in actuarial valuation, take account of inflation, seniority, promotion and other relevant factors, such as supply and demand in the employment market.

b. Demographic assumptions

	As at March 31, 2020	As at March 31, 2019
i) Retirement age (years)	58	58
ii) Mortality rates inclusive of provision for disability	100% of IALM (2012 - 14)	100% of IALM (2006 - 08)
iii) Ages	Withdrawal Rate (%)	Withdrawal Rate (%)
Upto 30 years	1	1
From 31 to 44 years	-	-
Above 44 years	-	-

F. Sensitivity analysis

Reasonably possible changes at the reporting date to one of the relevant actuarial assumptions, holding other assumptions constant, would have affected the defined benefit obligation by the amounts shown below.

	As at March 31, 2020		As at March 31, 2019	
	Increase	Decrease	Increase	Decrease
Discount rate (0.50% movement)	(0.02)	0.02	(0.03)	0.03
Future salary growth (0.50% movement)	0.02	(0.02)	0.03	(0.03)

Although the analysis does not take account of the full distribution of cash flows expected under the plan, it does provide an approximation of the sensitivity of the assumptions shown.

Sensitivities due to mortality and withdrawals are not material and hence impact of change not calculated.

Sensitivities as to rate of inflation, rate of increase of pensions in payment, rate of increase of pensions before retirement and life expectancy are not applicable being a lump sum benefit on retirement.

Description of Risk Exposures:

Valuations are based on certain assumptions, which are dynamic in nature and vary over time. As such company is exposed to various risks as follow -

- A) Salary Increases- Actual salary increases will increase the Plan's liability. Increase in salary increase rate assumption in future valuations will also increase the liability.
- B) Investment Risk - If Plan is funded then assets liabilities mismatch & actual investment return on assets lower than the discount rate assumed at the last valuation date can impact the liability.
- C) Discount Rate: Reduction in discount rate in subsequent valuations can increase the plan's liability.
- D) Mortality & disability - Actual deaths & disability cases proving lower or higher than assumed in the valuation can impact the liabilities.
- E) Withdrawals - Actual withdrawals proving higher or lower than assumed withdrawals and change of withdrawal rates at subsequent valuations can impact Plan's liability.

G. Expected maturity analysis of the defined benefit plans in future years

	As at March 31, 2020	As at March 31, 2019
Duration of defined benefit obligation		
Less than 1 year	-	-
Between 1-2 years	-	-
Between 2-5 years	-	0.01
Over 5 years	0.13	0.19
Total	0.13	0.20

Expected contributions to post-employment benefit plans for the year ending March 31, 2020 are ₹ 0.08 Lacs (March 31, 2019: ₹ NIL Lacs)

The weighted average duration of the defined benefit plan obligation at the end of the reporting year is 30.88 years (March 31, 2019: 29.36 years).

(iii) Other long-term employee benefits:

The company provides for compensated absences to its employees. The employees can carry-forward a portion of the unutilised accrued compensated absences and utilise it in future service periods or receive cash compensation on termination of employment. Since the compensated absences do not fall due wholly within twelve months after the end of the period in which the employees render the related service and are also not expected to be utilized wholly within twelve months after the end of such period, the benefit is classified as a long-term employee benefit. During the year ended March 31, 2020, the Company has incurred an expense on compensated absences amounting to ₹ 0.28 Lacs (previous year ₹ 0.03 Lacs). The Company determines the expense for compensated absences basis the actuarial valuation of plan assets and the present value of the obligation, using the Projected Unit Credit Method.

A. The following table set out the status of the defined benefit obligation - compensated absences:

	As at March 31, 2020	As at March 31, 2019
Net defined benefit liability		
Liability for compensated absences	0.30	0.13
Total employee benefit liabilities	0.30	0.13
Non-current	0.30	0.13
Current	-	-

**B. Reconciliation of the net defined benefit liability**

The following table shows a reconciliation from the opening balances to the closing balances for net defined benefit (asset) liability and its components:

	As at March 31, 2020			As at March 31, 2019		
	Defined benefit obligation	Fair value of plan assets	Net defined benefit (asset)/ liability	Defined benefit obligation	Fair value of plan assets	Net defined benefit (asset)/ liability
Balance at the beginning of the year	0.14	-	0.14	0.11	-	0.11
Included in profit or loss

	(0.11)	-	(0.11)	-	-	0.00
Balance at the end of the year	0.30	-	0.30	0.14	-	0.14

**C. Expenses Recognised in the statement of profit and loss for the year (Compensated Absences)**

	Year ended March 31, 2020	Year ended March 31, 2019
Current service cost	0.30	0.05
Actuarial loss (gain)	(0.03)	(0.03)
Interest cost	0.01	0.01
	0.28	0.03

**D. Actuarial assumptions**

**a. Economic assumptions**

The principal assumptions are the discount rate and salary growth rate. The discount rate is based upon the market yields available on government bonds at the accounting date with a term that matches that of liabilities. Salary increase rate takes into account of inflation, seniority, promotion and other relevant factors on long term basis. Valuation assumptions are as follows which have been selected by the company.

	As at March 31, 2020	As at March 31, 2019
Discount rate	6.76%	7.66%
Expected rate of future salary increase	8.00%	8.00%

The discount rate has been assumed at 6.76% (March 31, 2019: 7.66%), which is determined by reference to market yield at the balance sheet date on government securities. The estimates of future salary increases, considered in actuarial valuation, take account of inflation, seniority, promotion and other relevant factors, such as supply and demand in the employment market.

**b. Demographic assumptions**

	As at March 31, 2020	As at March 31, 2019
i) Retirement age (years)	58	58
ii) Mortality rates inclusive of provision for disability	100% of IALM (2012 - 14)	100% of IALM (2006 - 08)
iii) Ages	Withdrawal Rate (%)	Withdrawal Rate (%)
Upto 30 years	1	1
From 31 to 44 years	-	-
Above 44 years	-	-

----- This space has been intentionally left blank -----

**E. Sensitivity analysis**

Reasonably possible changes at the reporting date to one of the relevant actuarial assumptions, holding other assumptions constant, would have affected the defined benefit obligation by the amounts shown below.

	As at March 31, 2020		As at March 31, 2019	
	Increase	Decrease	Increase	Decrease
Discount rate (0.50% movement)	(0.04)	0.05	(0.02)	0.02
Future salary growth (0.50% movement)	0.05	(0.04)	0.02	(0.02)

Although the analysis does not take account of the full distribution of cash flows expected under the plan, it does provide an approximation of the sensitivity of the assumptions shown.

Sensitivities due to mortality and withdrawals are not material and hence impact of change not calculated.

Sensitivities as to rate of inflation, rate of increase of pensions in payment, rate of increase of pensions before retirement and life expectancy are not applicable being a lump sum benefit on retirement.

**Description of Risk Exposures:**

Valuations are based on certain assumptions, which are dynamic in nature and vary over time. As such company is exposed to various risks as follow -

- A) Salary increases- Actual salary increases will increase the Plan's liability. Increase in salary increase rate assumption in future valuations will also increase the liability.
- B) Investment Risk - If Plan is funded then assets liabilities mismatch & actual investment return on assets lower than the discount rate assumed at the last valuation date can impact the liability.
- C) Discount Rate: Reduction in discount rate in subsequent valuations can increase the plan's liability.
- D) Mortality & disability - Actual deaths & disability cases proving lower or higher than assumed in the valuation can impact the liabilities.
- E) Withdrawals - Actual withdrawals proving higher or lower than assumed withdrawals and change of withdrawal rates at subsequent valuations can impact Plan's liability.

**F. Expected maturity analysis of the defined benefit plans in future years**

	As at March 31, 2020	As at March 31, 2019
Duration of defined benefit obligation		
Less than 1 year	-	-
Between 1-2 years	-	-
Between 2-5 years	0.01	-
Over 5 years	0.29	0.12
<b>Total</b>	<b>0.30</b>	<b>0.12</b>

Expected contributions to post-employment benefit plans for the year ending March 31, 2020 are ₹ 0.43 Lacs (March 31, 2019: 0.07 lacs).

The weighted average duration of the defined benefit plan obligation at the end of the reporting year is 30.88 years (March 31, 2019: 29.36 years).

**30 Disclosure as per Ind AS 108 on 'Operating segments'**

Segment information is presented in respect of the company's key operating segments. The operating segments are based on the company's management and internal reporting structure.

**Operating Segments**

The board of directors have been identified as the Chief Operating Decision Maker ('CODM'), since they are responsible for all major decision w.r.t. the preparation and execution of business plan, preparation of budget, planning, expansion, alliance, joint venture, merger and acquisition, and expansion of any facility. The Company's board reviews the results of "Infrastructure facilities, soft skills, educational and consulting program" on a quarterly basis. The company's board of directors uses Earning Before Interest, Tax and Depreciation ('EBITDA') to assess the performance of the operating segments. Accordingly, there is only one Reportable Segment for the Company which is "Infrastructure facilities, soft skills, educational and consulting program", hence no specific disclosures have been made.

**Entity wide disclosures**

**Information about products and services**

The Company deals in one business namely "Infrastructure facilities, soft skills, educational and consulting program". Therefore product wise revenue disclosure is not applicable.

**Information about geographical areas**

The Company operates under single geographic location, there are no separate reportable geographical segments.

**Information about major customers (from external customers)**

The Company before the business transfer, used to derive revenues from one customer. For the year ended March 31, 2020 ₹ Nil (March 31, 2019 : ₹ Nil) which amount to 10 per cent or more of an entity's revenues.

----- This space has been intentionally left blank-----

**31 Leases**

The Company has applied Ind AS 116 with the date of initial application of April 01, 2019. As a result, the company has changed its accounting policy for lease contracts as per the accounting policy para 2 (xii).

**Company as a lessee**

The Company has leasing agreements in respect of operating leases for its office premise. These lease arrangements are for a period less than 12 months which are cancellable in nature. Accordingly, it is a short term lease.

**Terms and conditions of transactions with the related parties:**

- The terms and conditions of the transactions with key management personnel were no more favorable than those available, or which might reasonably be expected to be available, on similar transactions to non-key management personnel related entities on an arm's length basis.
- All outstanding balances with these related parties are priced on an arm's length basis and are to be settled in cash. None of the balances are secured.
- During the year ended March 31, 2020 the Company has completely written-off Loans and Advances to CLEF AP Trust ₹ 251.31 Lacs (FY 2018-19: Provision created for ₹ 75 lacs) and no other impairment/ provision recorded on amounts owed by related party. This assessment is undertaken each financial year through examining the financial position of the related party and the market in which the related party operates.
- The Company has an outstanding unsecured loan of ₹ 1,814.70 Lacs (March 31, 2019 ₹ 1,798.35 Lacs) from CL Educate Limited, the holding company, at an interest of 9.95% p.a. (till September 30, 2019 at an interest of 11.55% p.a), which is payable on demand. As per the terms of the agreement the Holding Company may extend loan upto a maximum limit of ₹ 1,850.00 Lacs.

----- This space has been intentionally left blank-----

34

- a) During the financial year 2017-18, the Company entered into an agreement to sell its School Business vertical (K-12 Business) to B&S Services Private Limited (B&S) for a total consideration of Rs. 4,650.00 Lacs comprising Rs. 600 Lacs payable in cash and remaining Rs. 4,050.00 Lacs by way of equity shares in B&S. Consequently, the shareholding of the Company in B&S stood at is 8,817 equity shares of Rs. 10 each fully paid, being 44.18% of total equity of B&S. Accordingly, in view of the Company holding more than 20% of voting power and existence of significant influence, B&S was determined to be an associate. The present investment in B&S is Rs. 4,744.74 Lacs in the books of the Company. Further, there an overdue amount of Rs. 400 Lacs recoverable from B&S towards cash consideration as per the aforesaid agreement.
- b) Nalanda Foundation (Nalanda) is the Trust that runs the K-12 school business. Trusteeship of the Nalanda Foundation was transferred together with the aforesaid sale of school business. Over time the admission numbers have declined in the school and with insufficient cash being generated by the business, the Management does not intend to make further investments. The situation has been accentuated by the onset of COVID-19, forcing schools to shut early and the present management failing to collect final term fees of Financial Year 2020 and for the first quarter of the new Academic Year.
- c) Based on aforesaid situation, the Company has taken the following steps:-  
(i) The Company has taken legal advice on the matter and initiated legal proceedings before the Honorable High Court, to protect its interests, including recovery of Rs. 400.00 Lacs of the cash consideration. A section 9 petition on the matter of CLEIS Vs B & S was heard by the Delhi High Court on June 22, 2020, with the judge appointing a retired High Court judge as an arbitrator to hear the dispute.  
(ii) As there are indicators for impairment, an independent valuer was assigned to value the investment in B&S. As per his report the investment of the Company of 44.18% is valued at Rs. 594.69 Lacs. Thereby resulting in an impairment of Rs. 4,150.05 Lacs. The company has taken the write down of investment and disclosed as exceptional items. (Refer Note 27)  
(iii) Based on its assessment of the merits of the case, the Management is confident of recovering cash consideration and receivable from Nalanda in full and hence no provision for expected credit losses is required in the Financials.
- d) In view of the aforesaid developments, and as assessed by the Management, the Company had lost the power to participate in financial and operating policy decisions of B&S during the quarter and year ended March 31, 2020 resulting in loss of significant influence over B&S, though it continues to hold 44.18% equity share capital in B&S.

E. Where an enterprise has unabsorbed depreciation and accumulated carried forward losses under tax laws, deferred tax assets should be recognized only to the extent that there is virtual certainty supported by convincing evidence that sufficient future taxable income will be available against which such deferred tax assets can be realised. Hence, in the absence of virtual certainty of sufficient future taxable income deferred tax asset has not been recognized.

F. Tax losses carried forward

<b>Total</b>	-	-	<b>2,025.78</b>	<b>2,025.78</b>	-	-	-

----- This space has been intentionally left blank -----

Level 1: It includes financial instruments measured using quoted prices.

Level 2: The fair value of financial instruments that are not traded in an active market is determined using valuation techniques which maximise the use of observable market data and rely as little as possible on entity specific estimates. If all significant inputs required to fair value an instrument are observable, the instrument is included in level 2.

Level 3: If one or more of the significant inputs is not based on observable market data, the instrument is included in level 3. The fair value of financial assets and liabilities included in Level 3 is determined in accordance with generally accepted pricing models based on discounted cash flow analysis using prices from observable current market transactions and dealer quotes of similar instruments.

The Company's borrowings have been contracted at floating rates of interest. Accordingly, the carrying value of such borrowings (including interest accrued but not due) which approximates fair value.

The carrying amounts of trade receivables, trade payables, cash and cash equivalents and other financial assets and liabilities, approximates the fair values, due to their short-term nature. Fair value of non-current financial assets which includes bank deposits (due for maturity after twelve months from the reporting date) and security deposits is similar to the carrying value as there is no significant differences between carrying value and fair value.

The fair value for security deposits were calculated based on discounted cash flows using a current lending rate. They are classified as level 3 fair values in the fair value hierarchy due to the inclusion of unobservable inputs including counterparty credit risk.

#### Valuation processes

The Management performs the valuations of financial assets and liabilities required for financial reporting purposes on a periodic basis, including level 3 fair values.

There are no transfers between level 1 and level 2 during the year. There are no financial assets/ liabilities measured at fair value/ amortised cost for which level 1 and level 2 inputs have been used. Accordingly, disclosures related to level 1 and 2 inputs are not

#### b. Financial risk management

The Company has exposure to the following risks arising from financial instruments:

- Credit risk
- Liquidity risk
- Market risk

#### Risk management framework

The Company's Board of Directors has overall responsibility for the establishment and oversight of the Company's risk management framework. The Board of Directors have authorised senior management to establish the processes and ensure control over risks through the mechanism of properly defined framework in line with the businesses of the company.

The Company's risk management policies are established to identify and analyse the risks faced by the Company, to set appropriate risks limits and controls, to monitor risks and adherence to limits. Risk management policies are reviewed regularly to reflect changes in market conditions and the Company's activities.

The Company has policies covering specific areas, such as interest rate risk, foreign currency risk, other price risk, credit risk, liquidity risk, and the use of derivative and non-derivative financial instruments. Compliance with policies and exposure limits is reviewed on a continuous basis.

----- This space has been intentionally left blank-----

**b. Financial risk management (continued)**

**(i) Credit risk**

The maximum exposure to credit risks is represented by the total carrying amount of these financial assets in the balance sheet

	As at March 31, 2020	As at March 31, 2019
Investments	3,982.66	8,132.71
Trade receivables	-	26.96
Cash and cash equivalents	0.23	1.53
Loans	1,022.35	1,698.26
Other financial assets	408.22	355.68

Credit risk is the risk of financial loss to the Company if a customer or counterparty to a financial instrument fails to meet its contractual obligations, and arises principally from the Company's receivables from customer.

The Company's credit risk is primarily to the amount due from customers. The Company maintains a defined credit policy and monitors the exposures to these credit risks on an ongoing basis. Credit risk on cash and cash equivalents is limited as the Company generally invests in deposits with scheduled commercial banks with high credit ratings assigned by domestic credit rating agencies.

Trade receivables are unsecured and are derived from revenue earned from customers primarily located in India. The Company does monitor the economic environment in which it operates and the Company manages its Credit risk through credit approvals, establishing credit limits and continuously monitoring credit worthiness of customers to which the Company grants credit terms in the normal course of business.

On adoption of Ind AS 109, the Company uses expected credit loss model to assess the impairment loss or gain. The Company establishes an allowance for impairment that represents its expected credit losses in respect of trade receivable. The management uses a simplified approach (i.e. based on lifetime ECL) for the purpose of impairment loss allowance, the company estimates amounts based on the business environment in which the Company operates, and management considers that the trade receivables are in default (credit impaired) when counterparty fails to make payments for receivable more than 180 days past due. However the Company based upon historical experience determine an impairment allowance for loss on receivables.

The Company's exposure to credit risk for trade receivables are as follows:

Particulars	Gross carrying amount	
	As at March 31, 2020	As at March 31, 2019
1-90 days past due	-	-
90-180 days past due	-	-
180-270 days past due	-	-
270-360 days past due	-	-
360-450 days past due	-	-
450-540 days past due	-	-
540-630 days past due	-	-
630-720 past due	-	-
more than 2 years past due	-	26.96
	-	26.96

In case of payments due from related parties there is no default as there is insignificant credit risk. This definition of default is determined by considering the business environment in which entity operates and other macro-economic factors. Further, the Company does not anticipate any material credit risk of any of its other receivables.

Movement in the allowance for impairment in respect of trade receivables:

Particulars	As at March 31, 2020	As at March 31, 2019
	Balance at the beginning	16.62
Impairment loss recognised / (reversed)	(16.62)	(67.46)
Balance at the end	-	16.62

**b. Financial risk management (continued)**

**(ii) Liquidity risk**

Liquidity risk is the risk that the Company will encounter difficulty in meeting the obligations associated with its financial liabilities that are settled by delivering cash or another financial asset. The Company's approach to managing liquidity is to ensure, as far as possible, that it will have sufficient liquidity to meet its liabilities when they fall due, under both normal and stressed conditions, without incurring unacceptable losses or risking damage to the Company's reputation.

The Company believes that its liquidity position, including total cash (excluding interest accrued but not due) of ₹ 0.23 lacs as at March 31, 2020 (March 31, 2019: ₹ 1.53 lacs) and the anticipated future internally generated funds from operations will enable it to meet its future known obligations in the ordinary course of business.

Prudent liquidity risk management implies maintaining sufficient cash and marketable securities and the availability of funding through an adequate amount of credit facilities to meet obligations when due. The Company's policy is to regularly monitor its liquidity requirements to ensure that it maintains sufficient reserves of cash and funding from group companies to meet its liquidity requirements in the short and long

The Company's liquidity management process as monitored by management, includes the following:

- Day to day funding, managed by monitoring future cash flows to ensure that requirements can be met.
- Maintaining rolling forecasts of the Company's liquidity position on the basis of expected cash flows.

**Exposure to liquidity risk**

The following are the remaining contractual maturities of financial liabilities at the reporting date. The amounts are gross and undiscounted, and includes interest accrued but not due on borrowings.

As at March 31, 2020	Carrying amount	Contractual cash flows			
		Less than one year	Between one year to five years	More than five years	Total
Current borrowing	1,814.70	1,814.70	-	-	1,814.70

Payables for capital expenditure	96.53	96.53	-	-	96.53
Employees related payables	5.16	5.16	-	-	5.16
<b>Total</b>	<b>2,025.78</b>	<b>2,025.78</b>	<b>-</b>	<b>-</b>	<b>2,025.78</b>

----- This space has been intentionally left blank -----

**B. Financial risk management (continued)**

**iii. Market risk**

Market risk is the risk that the future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises three types of risk: interest rate risk, currency risk and other price risk, the Company mainly has exposure to interest rate risk. The objective of market risk management is to manage and control market risk exposures within acceptable parameters, while optimising the return.

**Other price risk**

The company's non-listed equity securities are susceptible to market price risk arising from uncertainties about future values of the investment securities. The company manages the equity price risk through diversification and by placing limits on individual and total equity instruments. Reports on the equity portfolio are submitted to the company's senior management on a regular basis. The company's Board of Directors reviews and approves all equity investment decisions.

Since the entity's exposure to unlisted equity securities is limited to subsidiary/associate Company and it has opted to measure the same at cost accordingly disclosure related to sensitivity analysis has not been provided.

**Interest rate risk**

Interest rate risk is the risk that the future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The Company's main interest rate risk arises from long-term and short term borrowings with variable interest rates, which expose the Company to cash flow interest rate risk.

**Exposure to interest rate risk**

The Company's interest rate risk arises majorly from the term loans and cash credit from banks carrying floating rate of interest. These obligations expose the Company's cash flow to interest rate risk. The exposure of the Company's borrowing to interest rate changes as reported to the management at the end of the reporting year are as follows:

The company's fixed rate borrowings are carried at amortised cost. They are therefore not subject to interest rate risk as defined in Ind AS 107, since neither the carrying amount nor the future cash flows will fluctuate because of a change in market interest rates.

Variable-rate instruments	As at March 31, 2020	As at March 31, 2019
Current maturities of borrowings	-	5.96
Borrowing (current)	1,814.70	1,798.35
<b>Total</b>	<b>1814.70</b>	<b>1804.31</b>

**Cash flow sensitivity analysis for variable-rate instruments**

A reasonably possible change of 50 basis points (bps) in interest rates at the reporting date would have increased (decreased) equity and profit or loss by the amounts shown below. This analysis assumes that all other variables, in particular foreign currency exchange rates, remain constant.

Particulars	Profit or loss		Equity, net of tax	
	50 bps increase	50 bps decrease	50 bps increase	50 bps decrease
Interest on term loans from banks				
For the year ended March 31, 2020	(9.10)	9.10	(6.73)	6.73
For the year ended March 31, 2019	(8.56)	8.56	(6.34)	6.34

----- This space has been intentionally left blank-----

**37 Capital Management**

For the purpose of the Company's capital management, capital includes issued equity share capital and all other equity reserves attributable to the equity holders of the Company.

The Management assesses the Company's capital requirements in order to maintain an efficient overall financing structure. The Company manages the capital structure and makes adjustments to it in the light of changes in economic conditions and the risk characteristics of the underlying assets.

To maintain or adjust the capital structure, the Company may return capital to shareholders, raise new debt or issue new

The Company monitors capital on the basis of the debt to capital ratio, which is calculated as interest-bearing debts divided by total capital (equity attributable to owners of the parent plus interest-bearing debts).

Particulars	As at March 31, 2020	As at March 31, 2019
Borrowings	1,814.70	1,804.31
Less : Cash and cash equivalent	(0.23)	(1.53)
Adjusted net debt (A)	1,814.47	1,802.78
Total equity (B)	3,327.00	8,348.26
Adjusted net debt to adjusted equity ratio (A/B)	54.54%	21.59%

38 The Board of Directors of the Company in its meeting held on November 27, 2018 has approved a 'Scheme of Arrangement ('the Scheme') for amalgamation of the Company into CL Educate Limited, the Holding Company with effect from the appointed date and upon the Scheme becoming effective. An application under Regulation 37 of the SEBI (LODR) Regulations, 2015 was filed with the National Stock Exchange of India Limited ('NSE') and BSE Ltd. ('BSE'), for the proposed amalgamation of the companies, CL Media Private Limited, Accendre Knowledge Management Services Private Limited, G.K. Publications Private Limited and Kestone Integrated Marketing Services Private Limited ('Amalgamating Company') and CL Educate Limited ('Amalgamated Company'). The scheme will be effective upon approval from National Company Law Tribunal (NCLT). The appointed date as per the Scheme is April 01, 2019

In view of the above, the Management has considered the Company as going concern and accordingly, has drawn the financial statements on a going concern basis.

**39 COVID-19 Impact Assessment**

Due to spread of 'COVID-19' pandemic the Government imposed a nationwide lockdown and other restrictions on movement with effect from March 25, 2020. Consequently, the Company's office were closed and operations temporarily suspended since then.

The Management has drawn projected cash flows for next one year, based on certain assumptions and have concluded that the Company will have sufficient liquidity to continue its operations. The company has also performed sensitivity analysis on the assumptions used basis the internal and external information/indicators of future economic conditions and expects to recover the carrying amount of the assets. But in assessing the recoverability of Company's assets, loans, investments, trade receivables etc. the company has considered internal & external information upto the date of approval of these financial statements.

However, the actual impact of the pandemic may differ from that estimated as at the date of approval of these financial statements and the management will continue to closely monitor any material changes to future economic conditions.

40 Ministry of Corporate Affairs ("MCA") notifies new standard or amendments to the existing standards. There is no such notification which would have been applicable from April 1, 2020.

41 These financial statements were authorized for issue by Board of Directors on June 29, 2020.

42 The Company has reclassified/regrouped previous year figures where necessary to conform to the current year's classification.

As per our report of even date.
