CL Educate signs MoU with T-Hub Education to foster a collaborative environment for startups

India Infoline News Service | Mumbai | December 01, 2016 16:42 IST

The purpose of this MoU is to bring the industry and academia on common platform through the WAIN connect and to expedite the maturation of research and global startups.

A+ a- 0

CL Educates Ltd and **T-hub Foundation** have signed a Memorandum of understanding (MoU) to nurture a collaborative environment for the startups in Telangana, India.

The purpose of this MoU is to bring the industry and academia on common platform through the **WAIN** connect and to expedite the maturation of research and global startups.

The timeline of the MoU is three years, during the course of which, CL Educate will bring startups through its WAIN network to T-HUB for the exposure and mentorship from the latter. The scope of this partnership will include:

- T-Hub will facilitate global startup and research incubation in Telangana and India.
- CL Educate will bring Industry and Academia in mutual program through WAIN network.

Talking about the MoU, **Nikhil Mahajan, Executive Director & CFO, CL Educate** said, "In this era of start-ups, Innovation and research can play a pivotal role. With this understanding, we aim to make innovation accessible to millions of youngsters in schools, colleges and jobs."
