The Board of Directors has recommended dividend of 20% (₹ 2 per equity share of ₹ 10 each) for the financial year 2020-21 subject to the approval of shareholders in the Annual General Meeting.

- The Group has considered the possible effects that may result from the pandemic relating to COVID-19 in the preparation of the results. The Group's substantial generation and transmission capacities are tied up under medium to long term power purchase / job work / transmission agreements, which insulates revenue of the Group. Merchant power sale has witnessed lower demand due to economic slowdown, and consequential impact on tariff. Based on the present assessment and gradual improvement in merchant demand, the Management does not expect any medium to long-term impact on the businesses of the Group. The Group has evaluated the possible effects on the carrying amounts of property, plant and equipment, goodwill, inventory, loans and receivables basis the internal and external sources of information and concluded, exercising reasonable estimates and judgements, that the carrying amounts of these assets are recoverable. - During the quarter and year ended March 31, 2021, revenue from operations includes ₹ 100.29 crore compensation received from a customer towards shortfall in offtake of contracted quantity of power in
- The Group has transferred 18 MW thermal power plant project at Salboni in West Bengal to JSW Cement Limited on March 8, 2021 for ₹ 95.67 crore on going concern basis. There is no material impact of the same on the financial results.
- The Code on Social Security, 2020 ('the Code') received presidential assent on September 28, 2020. However, the date on which the Code will come into effect has not yet been notified. The Group will assess and record the financial impact of the Code in the period(s) when it becomes effective.
